United Performance Metals Receives Recognition from Lockheed Martin

Hamilton, Ohio – May 1, 2014 – United Performance Metals was recognized for demonstrating its commitment to excellence with 100% on-time delivery and quality of their products to Lockheed Martin Aeronautics. United Performance Metals' ability, workmanship, and superior standard of performance were noted as instrumental in supporting the commitments of Lockheed Martin to its customers and to support the needs of the War Fighter. United Performance Metals was called out as a company that can be depended upon for products and services that meet the exacting delivery and quality standards of the Lockheed Martin Aeronautics Company.

About Lockheed Martin Aeronautics Company

Lockheed Martin Aeronautics Company is the world's leading designer and manufacturer of high-performance combat, air mobility, and reconnaissance & surveillance aircraft.

About United Performance Metals

United Performance Metals is a leading supplier of stainless steel, nickel, cobalt, aluminum and titanium. The company's comprehensive inventory of high temperature, high strength and corrosion resistant alloys includes sheet, coil, strip, plate and near net shapes that can be processed to customers' exact specifications using its proprietary FIRSTCUT+® Services.

Headquartered in Hamilton, Ohio, **United Performance Metals** maintains branches in La Mirada, California and Houston, Texas as well as sales and stocking locations worldwide. Specialty divisions of the company include **Plus Ten Stainless** located in Benicia, California, and **Vulcanium** located in Northbrook, Illinois.

United Performance Metals is one of 14 leading brands owned by O'Neal Industries, Inc. (onealind.com), parent company of the U.S.A.'s largest family-owned group of metals service centers. With sales of approximately \$2.3 billion in 2013, O'Neal Industries is based in Birmingham, Alabama, and has more than 90 specialized facilities throughout North America, South America, Europe, and Asia.
